THANK YOU! THANK YOU for conducting a tremendous MMA seminar and workshop in Texas on May 6th.

All attendees from the neophyte to the "old hand experts" had very positive comments on your informative and entertaining presentation. The highlight was the "Ground Control Video" and the interactive judging portion of the program.

I highly recommend a "REFS" seminar to every commission that now regulates or anticipates regulating MMA events.

A big Texas thank you again for a very professional and informative event. Looking forward to having you back for another great seminar in the near future.
